EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Julia Glazer on June 22, 2004.

2. The application has been amended as follows:

IN THE CLAIMS:

Claim 16. In line 1, **after** "wherein said", **delete** "modified starch based polymer and/or oligomer material is selected from the group consisting of: amylose, amylopectin and mixtures thereof", **and insert** ---composition further comprises a modified amylose polymer and/or oligomer---

3. The following is an examiner's statement of reasons for allowance:

Leupin et al, WO 99/14295, discloses a laundry detergent composition comprising 0.1-5% by weight of a hydrophobically modified cellulose material (see page 4, line 28-page 7, line 7), 1-80% by weight of a deterative surfactant, such as a combination of anionic and nonionic surfactants (see page 7, line 21-page 9, line 24), 0.1-80% by weight of a builder, such as silicates and aluminosilicates (see page 9, line 25-page 10, line 24), and 5-12% by weight of water (see page 16, lines 5-7). It is further

taught by Leupin et al that the composition is used in a method to treat fabrics to impart fabric appearance benefits (see page 16, lines 26-31). Specifically, note Examples 1-6. However, patentee differs from applicant in that Leupin et al does not teach or suggest in general a laundry detergent composition that contains the specific modified amylopectin polymers and/or oligomers required by applicant in the instant claims.

Accordingly, the claims viewed as a whole would not have been obvious to one of ordinary skill in the art at the time of the invention after viewing the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Mruk whose telephone number is (571) 272-1321. The examiner can normally be reached on Monday-Thursday from 7:00 AM to 5:30 PM.
